The Rev. Dr. Leopold Mohn spoke on "Martin Luther's Indusers in the Family." He said that previous to the reform begun by Luther the best elements of society were excluded from participation in family life. The educated men then went into the priesthood and the educated woman into the monasteries, but through Martin Luther's determination to restore marriage to the clergy the foundations of evangelical family life for all classes were laid. At the close of the meeting a collection was taken up in behalf of the Evangelical Mission in Spain. On next Sunday the German Lutheran societies will hold a celebration in Steinway Hall, when an address will be delivered by the Rev. Dr. W. J. Mann. of Philadelphu. On Tuesday, under the auspices of the Evangelical Alliance, a meeting will be held in the Academy of Music, when addresses will be made by the Rev. Phillips Brooks, of Boston, the Rev. Dr. Taylor, of New-York, and others. Next Sunday also celebrations will be held in all the German churches. THE CASTING OF HUNDRED-TON GUNS. LOOKING FOR A SITE FOR A FOUNDRY-WORK OF

THE GOVERNMENT BOARD. The Board of Officers of the Army and Navy appointed by Congress to inquire into and report upon the best plan for establishing a Government foundry for the construction of heavy ordnance, arrived in this city by the steamer Scythia from Liverpool yesterday. The board consists of General H. L. Abbott and Colonels P. G. Baylor and S. S. Elder, of the Army, and Commodore Simpson, Captain E. O. Mathews and Lieutenant W. H. ues, of the Navy. In speaking of the work of the Board to a TRIBUNE reporter last evening, Colonel Bay-

"The act of Congress constituting the Board contemplated that we should visit the Navy Yards, Arsenals and ateel works of this country to decide upon a site for a proposed foundry, able to cast 100-ton guns. All the Navy Yards except the New-York Navy Yard were visited and nearly all the Arsenals. When we came to visit the steel works of the country we found that the steel manufacturers knew nothing about the requirements for casting steel guns. Not being able to got in this country data from which to formulate a plan for the contemplated foundry, we reported to the Secretary of War and the Secretary of the Navy and were sent abroad where the governments have for years been perfecting their appliances for the casting of heavy ordinance. We have been all summer in Europe and have visited the foundries of England, France and Russia. We did not visit the Krupp foundries in Germany, because we were not gllowed to inspect them in the manner we wished. Herr Krupp invited us to come and see his guns fire at a target but would not allow us to see how they were made. We told him that viewing target practice was a luxury not contemplated by the act of Congress under which we selest, and we did not go. In England, France and Russia, however, ever facility and courtesy were extended to us. The steel gun foundries of Russia, near St. Petersburg, are conducted on the same plan as those of Kruppalthough he pretends to have some secret in the manufacture of his guns.

| "As soon as we have inspected the Brooklyn Navy Yard and the few unvisited Arsenals, we shall begin our report ed and nearly all the Arsenals. When we came to visit facture of his guns.

RAILWAY INTERESTS.

THE \$75,000,000 ENTERPRISE.

The incorporation of the United States Central Railroad Company, with a capital of \$75,000,000, for the purpose of building a line of railroad from San Francisco to Denver, and by branch lines to connections with the Union Pacific and the Atlantic and Pacific Rail roads, was announced yesterday. Among the promoters of the enterprise the names of Richard King, president of the National Bank of Commerce, and John C. Short, president of the American Finance Company, were men-tioned in the dispatches from San Francisco, Mr. King

"The use of my name was unauthorized. Lyman Bridges, who is the head of the enterprise, I understand, spoke about it to me some time ago and said that, if I would subscribe to fifty shares of the stock, I would make \$5,000 without being called on for more than 10 per cent of my subscription. I subscribed for the fifty shares, but I moters of a \$75,000,000 railroad. If had subscribed for a few millions perhaps I should not object to being called a promoter. I know nothing about Lyman Bridges ex-cept that he has been introduced here by letters from our San Francisco correspondents. I think he has been prominent in building railroads in the West, but really I know very little about him. He told me I could make \$5,000 by subscribing for fifty shares of stock in this scheme, and now I am looking for the money."

stock in this scheme, and now I am looking for the money."

John C. Short is president of the American Finance Company, which he established after his connection with the New-York, New-England and Western Investment Company had been dissolved. He said yesterday that his company had subscribed a modest sum for the purpose of organizing the new railroad. "It can tell you nothing about the scheme at present," he said, "but perhaps in a few days I may have something to say about it."

"Several companies are mentioned in the dispatches;

to say about it."
"Several companies are mentioned in the dispatches;
has any work been done on them I" the reporter asked.
"I understand that some \$200,000 has been spent in
preliminary work on two of the three companies named,
but I do not think that any physical work on either of the
roads has been done. roads has been done."

CHICAGO, Oct. 31.—Concerning the reports from San Francisco connecting his name with the proposed new railroad to San Francisco in competition with the Central Pacific, Lieutenant-Governor John L. Beveridge, of Illinois, says: "I can give no light on the subject. I am not personally interested in it. I know Bridges, and know that he has been agitating the matter."

RIVALRIES IN THE COAL REGIONS.

THE PENNSYLVANIA ROAD LEASES ITS MINES TO A SYNDICATE-MR. VANDERBILT HAS A LINE TO

PHILADELPHIA, Oct. 31,-It has been dislosed to-day that the Pennsylvania Railroad Company is about completing a policy it has entertained for some time of leading its mines. The company's officers have very little to say on the subject, but those who are in their confidence state that there is every reason to believe that the arrangements for leasing the properties have about been completed, and that they will be taken by a wealthy syndicate, of which William L. Scott, of Erro, b the head. The terms of the lease have not been made vania Railread Company will not realize less than one dollar per ton net on all the coal taken mines. Their entire production this year will be 3,000,000 tons. The collieries are located in the Snamokin region, and their output will be nearly all used in the Western trade, being shipped from Bulfale Company express no surprise over the matter, as they state that they have known of negotiations of the kind

MR. ECCLESINE'S COMMITTEE,

NOT A WHOLLY DISINTERESTED EFFORT TO HAR MONIZE THE DEMOCRATIC FACTIONS.

Previous to the Buffalo Convention a committee of twenty-five Democrats was appointed to harmonize the factions in this city. Hecently, at the request of the County Democracy, which fears the result of its action in defeating barmony in this city, this committee of twentyfive has set to work to bring about a union in the Viith, Vilith and Xith Senate Districts Ex-Senator "Tom" Ecclesine, who has been a member of all the Democratic factions within a few years, called the committee to-gether yesterday in his office, No. 32 Park-place. There were present Mr. Ecclesine, O. B. Potter, B. A. Willis, Joseph Pulitzer, William Dorshelmer, Paul Dana, E. P. Wheeler and Roswell P. Flower. Mr. Ecclesine presided. After consultation it was agreed to ask John Kelly and Hubert O. Thompson to appoint representa-Kelly and Rubert O. Thompson to appoint representa-tives of their organizations to confer with the committee to-day to see if an agreement cannot be reached so that there will be only one Democratic candidate for the Senate in each o, the three districts named. Mr. Kelly said that he would be willing to send a representative, but he thought that if the County Democracy wanted a union it should not have closed the door against it when negotiations were in progress before. Mr. Thompson expressed his willingness also to appoint a representa-tive or come in person. Another meeting will be held to-day.

The politicians were disposed to laugh last algebt at this

self into prominence again. And as for Tammany, even if it did agree to unite, it would sell us out."

GROWING DEMOCRATIC DISAFFECTION. WHAT THE REPORTS RECEIVED AT REPUBLICAN HEADQUARTERS SHOW.

Mr. Sexton, the Republican candidate for State Treasurer, called at the rooms of the State Committee yesterday, and made a favorable report of the outlook in Central New-York. He is fortunate in having an unpopular candidate opposed to him on the Democratic ticket. Letters received from the interior show that many Democrats are working against Maxwell Since he became State Treasurer he has been active in State polities, always working on the side of "Boss Manning. This has offended Democrats opposed to the machine, and Maxwell will be made to suffer.

There is evidence in the Republican State Committee ms that the disaffection is much greater among Demoerats than is generally supposed. Several well-known Democratic leaders have sent to the Republican State Committee for pasters to use against Chapin, Maynard and Maxwell, who are regarded as the special representatives of the machine. One leader from the interior of the State, who sent a messenger for pasters, said that he would vote the straight Democratic ticket him-self, but he would see that fifty Democrats in his election

district scratched Maynard, Chapin and Maxwell. Mr. Low, of Orange County, the Republican candidate for State Senator against James Mackin, is confident of Republican success. The Anti-Monopolists are working hard against Mackin, and his record in the Legislature been so bad that he has no chance of has been so bad that he has no chance of being returned. Colonel Dickey, of Newburg, who called at the committee-rooms yesterday, said that the river counties would do much better this year than they did in 1841 for the Republican ticket. The Democrats are disaffected and demoralized and particularly angry over the inefficiency of their State Committee. It has sent out one ridiculous document, signed "Independent Republican," in which a silly attempt was made to revive the old cry of "Half-Breed" and "Stalwart." A Democratic State Senator said that so far as he could learn in Albany, the Democratic State Committee this year was even worse than the one that operated in the canvass of 1881.

Elisha M. Johnson, of Olean, said that there was no sign of Republican disaffection in the southern ther. But the Democrate had not ceased to express their indignation at the machine dictation at Buffalo.

DEMOCRATS ACCUSED OF TREACHERY. TAMMANY MAKES SERIOUS CHARGES AGAINST THE COUNTY DEMOCRACY.

The Tammany Committee on Organization held another experience meeting yesterday. Mr. Kelly presided. The district leaders reported that the County Democracy was generally making combinations to elect Aldermen that would vote to confirm Hubert O. Thompson Commissioner of Public that it was trading off Assemblymen, one of leaders hav-ing stated that it would give ten Assemblymen for one Alderman. Mr. Kelly said that with such a guerilla organization in the field it would not be surprising if the Democratic party suffered on election day. Alderman Kirk caused some merriment by reporting that the Republicans were colonizing voters in the Hd Assenebly District. "I guess you are enough for them," remarked General Spinola, William Geoglegan said that the County Democracy and the supporters of "Tim" Campbell had made a cembination to support James O'Brien for Register, George W. Plunkitt said that the County Democracy's candidate for the Senate in the Xith District was a Republican, and had been elected to the Legislature by that party. "He may get a few votes across the bridge," said Mr. Plunkitt, "but I shall be elected by 3,000 mujority." S. E. Nolan, of the XXth District, said that a combination had been made there whereby the County Democracy was to support Mr. Hess for Register in return for votes for "Tom" Carroll for Aldermen; and that a studiar combination had been made against Hangerty, the Tanumany candidate for the Assembly, Other leaders expressed fears that the County Democracy would sell out the State ticket to get votes for Aldermen.

Mr. Kelly made a speech calling attention to the Tanumany had done everything possible for harmony, but it had been bankled by the personal ambition of men outside of the organization. Alderman Kirk caused some merriment by re-

YOUNG REPUBLICANS SATISFIED.

A meeting of the Young Men's Republican Club was held last night at No. 21 West Twenty-seventiast., with James W. Hawes in the chair. A committee of five was appointed to prepare an appeal to the citizens of this city, urging upon them the Importance of voting the Republican ticket at the coming election. The club rati-

hed the nomination of Frederick S. Gibbs, Walter Howe, Lucas Van Allen and J. C. O'Connor. Andrew S. Smith, of No. 40 Market-st., sent word that he had been refused permission to register. A com-mittee of two was appointed to investigate the case.

THE KINGS COUNTY BI-CENTENNIAL.

The two hundredth anniversary of the organiation of Kings County under its present name will be held to-day. It had been previously included in the West Riding of Yorkshire after passing from the power of the Dutch in 1664. The settlement by the Dutch in Nassau, now Long Island, was in 1634, and the towns named by them which were afterward included in Kings County, were Brooklyn, Bedford, Bushwick, New-Utreeht, Flatbush and Flatlands. There are now 750,000 people, where in 1683 the number was less than 2,000. The Society of Old Brooklynites will

NOTES OF THE CANVASS.

District-Attorney McKeon wrote a letter to Police Superintendent Walling yesterday, in which called attention to allegations that had been made that filegal voting would be attempted in the Hd and VIIIth Assembly Districts. Mr. McKeon asked the assistance of the police in suppressing any such attempts.

A large and enthusiastic meeting of the XIIIth Assembly District was held last evening. After the passage of resolutions ratifying the nominations of Frederick S. Glibs, Isaac Dayton and James Pearson, several speakers addressed the meeting. The Republicans of the Xth District last night nomi-

ated Charles A. Bruder for Assemblyman. The Independeat Democrats of the XXth District nominated Jonas Weil for Alderman. The County Democracy in the XIth District nominated Samuel L. Parrish for Assemblyman and William Bennett for Alderman, and in the XXIst District Wallace Bamberg for Assemblyman. James O Brien has written a letter in which he names Eugene Kelly, Jesse Seligman, Charles A. Dana and other

prominent gentlemen as a Board of Trustees to distribute the net receipts of the Register's office for charitable pur-poses in case he is elected. Newark Democrats last night nominated F. H. Wisner for Assemblyman in the VIIIth District; the Republicans

nominated Frederick Fish in the VIth District and George W. Hubbard in the Xth.

Calvau C. Van Name having declined the Republican nomination for District-Attorney in Richmond County, S. L. Augustus Gerry has been nominated in his place. The Republicans of the IXth District of New-Jersey invenominated Edward G. Brown for Assembly.

THE SUICIDE OF J. M. PERROTELE.

HIS FRIENDS IN WASHINGTON SURPRISED AT THE NEWS-NO CONJECTURE AS TO THE CAUSE.

WASHINGTON, Oct. 31 .- J. M. Vale, of the Third Auditor's Office, said to-day, in reply to inquirtes, that he was well acquainted with J. M. Perrotele, who emmitted saicide in New-York yesterday, and that he wrote the letter found in the suicide's pocket. " Mr. Perrotele," he said, "was a \$1,200 clerk in the Adjutant General's office. He was a native of England, and came to this country about the close of the war, joining the regular army, in which he served for some years. He lived in this city about six months, and was a member of Columbia Lodge No. 3, F. A. A. M."

Mr. Hershler, of this city, the writer of another letter, was greatly shocked by the news of Perroteles death. "He was," he said, " my personal and intimate friend. I can't understand it. I should as soon think of committing suicide myself as of Perroteie's doing it. He was such a steady, even-tempered man that one can hardly believe it. There was not the slightest suspicion of an unsound mind; he did not drink to excess, and he was in no financtal difficulty that I am aware of. He left here about two chi difficulty that I am aware of. He left here about two weeks ago on his annual vacation, and I received a letter from him from New York not a great while ago. The letter found on him, signed by me, was a request to look up the reported death of an Army officer in New York. The letter from Mr. Vale, of the Treasury Department, was an introduction to a hady in Brooklyn."

Mr. Perrotelo served with Mr. Heussier in General Sheridan's office in Chicago, and came to the War Department a year ago. He was forty-four years of age. Information of his death spread rapidly among the clerks in the War Department, by whom he was highly esteemed. None of them could assign any reason for his act of self-destruction.

MR. LOW'S BRIGHT PROSPECTS

HIS FRIENDS SURE OF HIS ELECTION. "BOSS" M'LAUGHLIN'S CANDIDATE LOSING STRENGTH DAY BY DAY.

ployed in the Brooklyn Mayoralty campaign by the rival andidates. Mayor Low in a clear, straightforward, business-like way, meets the people face to face in mass meet ings and details his policy of municipal government, speaking as often and as fully as he can each evening. By day he attends to the affairs of the city in the Mayor's office, neglecting in no way a single jot of the work to which he promised to give his whole time two years ago. On the other hand, "Boss" McLaughlin's candidate, while he copies Mayor Low making public speeches and cries "Me too" to the Mayor's policy, has given up his business and devotes his whole time by day to a personal canvass in parts of the city where he hopes to win votes under the coaching of Democratic politicians familiar with all the insidio and corrupt ways of their class. But he will not do as much in the remaining days before the election as he has done heretofore, for the strain on him is proving too much, and his public addresses are growing shorter and feebler. So are his chances of election. The magnificent demonstration for Mayor Low in the Academy of Music on Tuesday evening-unparalleled in political history indisheartened the Democratic campaign lin's candidate. The effect of the meeting was perceptible in all parts of the city yesterday, as the audience was athered from every ward, and the reports in the morning papers of the gathering were eagerly rend. Men who had been somewhat doubtful before of Mayor Low's chances were confident yesterday of his re-election by a arge majority, and Hendrix "stock" fell several "points." The hearty public feeling in favor of contin uing Mayor Low as the exponent of reformed municipal government in Brooklyn will be further stirred by the numerous meetings arranged by the Citizens' Committee for the remaining evenings of the week, winding up with those in the Music Hall and the Rink on Saturday night. Screne confidence as to the result was manifested at the rooms of the Citizens' Committee yesterday. Secr tary Doty said that Democrats in numbers were daily ing out and saying they would support Mayor Low and work for his success. Republicans who had been said to be disaffected came in and denied that they were not heartily supporting the Mayor. Temperance people who were tired of the methods of the few "cranks" are working against the Mayor declared themselves eartily in favor of him. Every indication was most cheering. At the Republican headquarters the effect of the Academy meeting was most talked of, and the good it had already done was pointed out. The result was said to be put beyond all doubt.

DEMOCRATS LEAVING A SINKING SHIP, An air of foredoomed defeat prevailed in and about the Democratic Committee rooms, and waite a show of activity prevailed, it had the air of preparations for a funeral rather than for a feast. Much complaint is already made of the parsimony of the Democratic candidate, and numerous stories are in circulation which tell with the ockers" who are ready to burron for free-handed gencrosity, and equally ready to condemn any lack of it. A ment in THE TRIDENE yesterday that Edward Rowe, a fellow Democratic member of the Board of Education with Rendrix, had decided to support Mayor Low. Only last week Mr. Rowe was named among the feremost suporters of the Democratic numbers. Mr. Howe autounce that his four sons as well as himself will vote for Mayor

Low. In a letter yesterday be said:

When Mr. Low was first elected we commenced the experiment of Home Rule and official responsibility, and the result has satisfied all good citizens. It is not now the time for stopping this effort. I deem it but fair that Mr. Low should have the opportunity of establishing for all time in this city such principles. No one is better qualified than he for that purpose. I voted for him two years ago and shall vote for him again, and shall lend whatever influence I have for his to-shedion, and I hope that many Democrats will follow my example.

Mr. Books action will have great weight with many Mr. Rowe's action will have great weight with many

Clancy of the Board of Education, who opposed Mayor Low two years ago, and who may be supposed to know their fellow Democratic member of the Board, Hendrix, better than any one clse, refuse to support him and are working and speaking heartfly for Mayor Low. This action is regarded as the most significant incident in the

A letter urging the re-election of Mayor Low in the nost hearty manner was sent by George William Certis to the committee which had charge of the Academy of Music meeting on Tuesday night. In the letter Mr.

Masic meeting on Tuesday night. In the letter Mr.

Cartis said of Mayor Low:

The opposition to his election does not seek the welfare of Brooklyn, but confessedly the advantage of a party. It is an effort of mere party spirit. It tramples apon every principle of municipal reform, and its success would be the victory of a reaction which would involve diesster to reform in every city in the Union. For two years Brooklyn has been a city set upon a hill. Its light could not be hid. It has cheeved and encouraged every effort everywhere for political progress. The extinction of final light would be a National misfortime. The defeat of Mayor Low, by a mere partisan Mayor, elected for a partisan purpose, would be the overthrow of a principle which Democratic reformers in Brooklyn have maintained as carnestly as Republican reformers, and such an everthrow accomplished by Democratic votes would justly array the whole independent and reform vote of the country against the Democratic who sincerely wishes the spoils system in the public service to be everthrown must see plainty, as we out of the city see, that the cell system could receive no more decisive blow than the is not the only main in Brooklyn who could give the city a thoroughly independent and satisfactory administration, yet he is the only main in Brooklyn who has done it, and when such a main's found it is the part of common-sense to hold him fast. Granting that he opposing cardidate may promise smoothly and fairly, every voter who is in carnest may well recall the two Athenian Generals, of whom one loudly declaimed the great decision in Kings County, and there is abundant prospect of suc-The Republican County ticket is making good progres, in Kings County, and there is abundant prospect of suc-

in Kings County, and there is abundant prospect of success. Large numbers of Democrats are refusing to support the McLaughlin ticket, and will vote for all the Republican candidates. Two members of the Third Ward Democratic Association, John and Daniel Green (the former is the Warden of the Kings County Penitentiary), have resigned from the association on account of dissatisfaction with the county ticket. It is also said that they will support Mayor Low.

The statement of ex-Mayor Howell to the effect that the money for five of the eight new public schools built under Mayor Low's administration was provided for in his (Howell's) term was punctured yesterday by E. D. Berri, of the Board of Education, who showed that Mr. Howell bitterly opposed any new schools, and that the appropriations made in his term were too small to begin work with, and that it was not until Mayor Low added to them that they could be built. All the cight schools were due to Mayor Low's efforts. Mr. Howell's claim is thus completely disposed of.

THE MAYOR SPEAKS AT FOUR MEETINGS.

THE MAYOR SPEAKS AT FOUR MEETINGS. Mayor Low addressed four meetings last evening in different parts of the city. His appearance everywhere was greeted with the heartiest applause. No sooner did he approach a gathering of the citizens than his arrival was made known to the meeting by cheers from the outside In the halls the wildest enthusiasm was shown at his entrance, and the men stood up, swung hats, and sent out hearty cheer after cheer. He speke with his usual frankness, and when he asked the citizens if his administration had been right or wrong, the unvarying answer was "Right!" He was usually preceded or followed by Democratic speakers who hold the interests of the city above that of their party. At Latimer Hall, in Court-st., in the Sixth Ward, which is strongly Democratic, Mr. Low appealed to the voters to elect the Aldermen-at-Large nominated by the Republicans. At Columbia Hall, at York and Main wis., in the Second Ward, also a Democratic district, he addressed a room full of workingmen, and was heartly received. General John B. Woodwind accompanied him during the evening. After addressing a meeting in the Twentieth Ward, at Barnes's Hall, at Vanderbilt and attante aves., Mr. Low finished at a German meeting in Grand Central Hail, No. 430 Futton-st., speaking in English. Frederick Steins, the singer, presided, and ex-Jovernor Salomon, of Wisconsin, Mr. Gallusthoman and Louis Freethich were among the speakers. The Mayor was listened to at all places with the closest attention, and his frank, manly bearing was the admiration of all. his usual frankness, and when he asked the citizens if

At a meeting of the Citizens' Club of the VIIth Assembly District, last night, General Henry L. Burnett resigned the office of president on account, it is understood, of the nomination for member of the Assembly made by the club on Monday night. The Republican nomination in the District was a nightmare which the meeting did not succeed in throwing off even after deliberating two hours. The name of Mr. Van Allen excited erating two hours. The name of Mr. Van Allen excited the anger of the club, but the principal reason of the rage seemed to be the certainty that he would be re-elected. The Citizens' Club's condidate, who was present at the meeting, seemed disposed to decline the honor which he said had been thrust on him, but the club was not willing to listen to any proposal of the kind. It was suggested by persons in the rear of the room that no other man could be found to face certain defeat. Several intimations were thrown out during the discussion that the club was willing to self out to the highest bidder, and the chalman of the conference committee informally reported that he had under consideration several propositions which he blushed to make public so long before the day of election.
